Did you hear the bad news? They have stopped blind people from bumping jumping. The guide dogs couldn't handle the pressure.

...if all my possessions were taken from me, with one exception, I would choose to keep the power of communication, for by it, I would soon regain all the rest.

Treat everyone with kindness, dignity, compassion and respect, whether you think they understand or not. To never underestimate the power of the mind, the importance of love and faith and to never stop dreaming.

YOU
